Artificial Intelligence (AI) stands as one of the most revolutionary technological advancements of the 21st century. With its unparalleled capacity for automation, data analysis, and decision-making, AI has the potential to reshape industries, economies, and societies in once unimaginable ways. From streamlining business operations to revolutionising healthcare and informing policy decisions, AI has the power to address some of the most pressing global challenges and create a more sustainable future. This conference aims to provide a dynamic platform for researchers, academician, and professionals to engage in meaningful discussions about the role of AI in fostering sustainable development and enhancing human well-being.

Tracks
- AI in Sustainable Business and Industry
- AI in Healthcare and Wellbeing
- AI for Social Good and Policy Development
- AI in Education and Human Capital Development
- AI, Environment, and Climate Action
- AI and Responsible Technology Management
- AI for Economic Inclusion and Bottom of Pyramid (BoP)
- AI-Powered Transformation in Management, HR, Marketing and Finance

Submission Guidelines
Authors are invited to submit original, unpublished research work in the form of full papers (6-10 pages) in IEEE format. Abstracts should be submitted at **icaisi2025@srcc.du.ac.in**. Authors MUST use the conference template to prepare abstracts.
Abstract Template

All submissions will undergo a rigorous double-blind peer review process by an expert panel. Papers will be evaluated based on originality, significance, technical quality, and clarity. Accepted papers must be presented at the conference by at least one of the authors.
