LIST OF SELECTED STUDENTS FOR THE FIRST COHORT OF THE SRCC X EY AI VIBE PROGRAMME

The final selection list for the First Cohort of the SRCC x EY AI VIBE Programme has been released following interviews held on September 2, 3, and 7, 2026. Out of 150 shortlisted candidates, 100 students have successfully secured admission based on a consolidated evaluation of their Statements of Purpose, online assessment performance, interview scores, and panel recommendations, with a waiting list also established. Selected students are required to complete a mandatory Google Form for final record creation and updating by 5:00 PM on Thursday, September 10, 2026. The programme will officially commence with an online session post-lunch on Saturday, September 12, 2026, with all session links and guidance materials dispatched directly to students' official college email domains (srcc.edu or srcc.du.ac.in).

Participants must maintain regular attendance throughout the duration of the programme. Any anticipated absences must be communicated sufficiently in advance with a valid reason to the EY Team at AIVibeSRCC@in.ey.com, as uncommunicated or continued absences will lead to the withdrawal of candidature and replacement by a candidate from the waiting list.

LAUNCH OF SRCC ASSIST-BETA VERSION

Shri Ram College of Commerce has launched the beta version of "SRCC Assist" (formerly SRCC Finder), a progressive web application developed by third-year B.Com. (Hons.) student Mr. Keshav Singal to simplify campus navigation and academic processes. Accessible on Android and iOS, the platform offers real-time vacant room discovery, day-wise timetables, and 3D virtual campus navigation.

Access credentials are being rolled out in phases via email, with students advised to refer to the User Manual before logging in. As a beta release, the platform welcomes community feedback, with support available at studentassistsrcc@gmail.com.

Students with similar digital or AI-based projects can pitch their ideas with proof of work to Mr. Harish Kumar, Digital Initiative Vertical Convenor, at harish.kumar@srcc.du.ac.in.

COLLEGE EVENTS

DEMEANOUR ORIENTATION 2026-2027

Demeanor Orientation 2026 was an evening that brought together **fashion, creativity, confidence, and self-expression**. The event introduced students to the world of Demeanor through a series of engaging performances showcasing **modelling, styling, fashion, music, and behind-the-scenes creativity**. From the choreography and music to the carefully curated looks, transitions, and stage presence, every element was thoughtfully put together to reflect the society's distinctive aesthetic and creative spirit.

The orientation also offered students a glimpse into the diverse roles that come together to create a **successful fashion and creative production**. With performers, models, stylists, creatives, content teams, and organisers working together behind the scenes, the event highlighted the collaborative and multifaceted nature of Demeanor. The energy continued throughout the evening, building up to a high-energy finale that brought the performers and audience together. The event concluded on a memorable note, leaving students with a strong first impression of Demeanor.

IEPFA-NCAER ANNUAL CONFERENCE AT SRCC

On **September 8, 2026**, SRCC Auditorium came alive with policy makers, economists and students for the **IEPFA-NCAER Annual Conference**, held in collaboration with the **Ministry of Corporate Affairs**. The theme, **"Building Financially Resilient Youth: Sustainable Digital Financial Literacy and Investor Protection towards Viksit Bharat"**, could not have been more timely for a generation navigating UPI payments, mutual funds and crypto scams almost simultaneously.

The event opened with a welcome address by Principal **Prof. Simrit Kaur**, followed by an inaugural address from **Dr. Prabodh Seth**, former Member of the Central Board of Direct Taxes. **Mr. Suresh Goyal**, Director General of NCAER, and **Mr. Sumit Garg**, CEO of IEPFA, added institutional weight to the proceedings with their addresses.

The heart of the afternoon was a panel discussion bringing together voices from the **RBI, SEBI** and the **Department of Economic Affairs**, moderated by **Dr. C S Mohapatra**. The conversation moved beyond textbook financial literacy into real questions of digital fraud, investor protection and building trust in India's evolving financial systems. It closed with an engaging Q&A session and certificate distribution, leaving attendees with plenty to think about long after the applause faded.

COLLEGE EVENTS

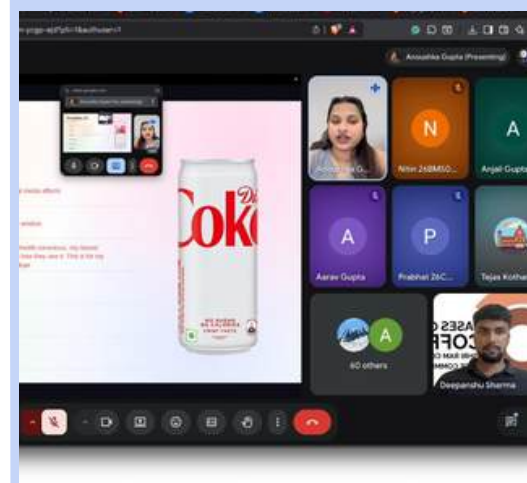

MENSTRUAL AWARENESS SESSION BY NSS SRCC

On **September 10, 2026**, NSS SRCC, in collaboration with **iVolunteer NGO**, conducted a menstrual awareness session at **Swami Dayanand Sarvodaya Kanya Vidyalaya, Karol Bagh**. The session focused on menstruation, menstrual hygiene, and healthy practices, while creating a safe space for students to openly discuss the topic. The session addressed common myths, misconceptions, and social taboos, helping students distinguish facts from beliefs. A roleplay depicting **orthodox mindsets** and **restrictions** around periods encouraged reflection on menstrual stigma and the need to challenge such attitudes. Through an interactive discussion, volunteers encouraged students to view menstruation as a natural biological process and speak about it without hesitation. The session also **emphasised personal hygiene, awareness, and access** to menstrual products, encouraging students to approach menstruation with greater confidence and without shame. The session concluded with the distribution of sanitary pads to over **120 school girls**, promoting awareness, dignity, and access to menstrual hygiene while taking a step towards breaking the silence around menstruation and empowering young girls.

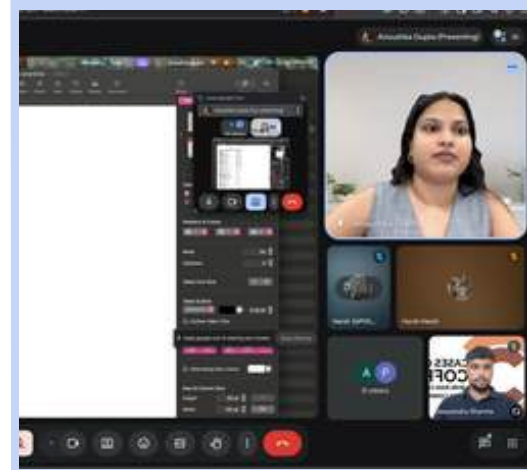

AI FUNDAMENTALS: CASES OVER COFFEE

In collaboration with Cases Over Coffee, SRCC organised an insightful session titled **"AI Basics: Learn AI. Build with AI."** on **11th September 2026** at 6:00 PM via **Google Meet**. The session featured **Anoushka Gupta**, an Automation Consultant with hands-on expertise in AI automation and workflows, who has previously worked with **Insaito, Schbang, and LSR**. The session offered attendees a simplified introduction to the rapidly evolving world of Artificial Intelligence, covering concepts such as **Large Language Models (LLMs)**, **Retrieval-Augmented Generation (RAG)**, and **Agentic Workflows**. Rather than limiting the discussion to theoretical concepts, the session focused on understanding how these technologies can be applied to real-world business problems, everyday tasks, and professional workflows.

The speaker also highlighted the **growing importance of AI fluency**, explaining why professionals across fields need to understand and effectively work with **AI tools** in an increasingly technology-driven workplace. The interactive nature of the session encouraged attendees to explore AI beyond simply using **chatbots** and understand its **potential** for building practical solutions.

Adding a **hands-on dimension** to the learning experience, participants also had the opportunity to build a **real automation workflow** themselves, allowing them to put the concepts discussed during the session into practice. The session concluded with attendees gaining a clearer **understanding of AI** and its **practical applications** in the professional world.

NEWS AROUND THE WORLD

ANTHROPIC BLOCKS POSSIBLE ATTEMPT TO USE AI TO MAKE BIOLOGICAL WEAPONS

Anthropic says it disrupted attempts to misuse its AI model for biological weapons development. Its latest report highlights growing concerns about AI safety and potential threats to humanity. Senator Bernie Sanders has called for a pause on advanced AI development, while President Donald Trump has rejected such fears.

JAPAN SEEKS CHANGE TO NEW UN WORLD MAP OVER RUSSIA 'MISCONCEPTION'.

Japan has asked for the revision of a new world map adopted by the UN because it said it made the disputed Kuril islands appear to belong to Russia.

The UN general assembly voted on Friday to adopt the new map, which makes the African continent larger while also shrinking North America and Europe, drawing condemnation from the US.

FIVE DEAD AND DOZENS INJURED IN COACH CRASH IN SWISS ALPS

The Dutch tour bus hit a safety barrier in a roadworks area, left the road and overturned between Susch and Zernez in the Graubünden region late on Thursday afternoon. Swiss police said on Friday that the deceased had not yet been identified. They added that the other 40 people on board the coach - whose injuries ranged from serious to minor - had been transported to hospitals by rescue helicopters and ambulance crews.

GAVASKAR RAISES CONCERNS OVER RANJI SCHEDULE

Former India captain Sunil Gavaskar has criticised the BCCI's 2026-27 domestic cricket schedule for splitting the Ranji Trophy into two phases. The first phase will run from October 11 to November 5, followed by a gap of more than two months before the second phase begins on January 17, 2027. Gavaskar said the break could disrupt players' rhythm and the development of test cricket.

FINANCE NEWS

ADANI AIRPORTS BETS BIG ON GLOBAL EXPANSION

Adani Airport Holdings is raising \$1 billion from investors including Temasek and BlackRock, valuing the business at around \$18 billion, as it prepares for a major expansion. The company operates eight Indian airports and plans to bid for 11 more, targeting 200 million annual passengers and approximately \$15 billion in investment over five years. The move could also position the airport business for a potential IPO around FY2028

AI'S TRILLION-DOLLAR BILL RAISES BUBBLE QUESTIONS

AI companies are now spending over \$1 trillion annually on infrastructure while generating roughly \$200 billion in revenue, according to analysis discussed by Ruchir Sharma. The growing gap is increasingly being financed through capital markets, raising questions about whether AI's extraordinary investment cycle can deliver enough productivity and cash flows to justify its valuations.

CAN BRICS ACTUALLY CHALLENGE DOLLAR DOMINANCE?

BRICS now represents almost half the world's population and around 40% of global GDP on a purchasing-power basis, giving the bloc considerable economic weight. Yet differences among its members, particularly over China's influence and the group's relationship with the US, make a coordinated challenge to the dollar-led financial system far from straightforward.

HONG KONG'S FINANCIAL REVIVAL IS GATHERING PACE

Hong Kong's IPO market is experiencing a resurgence, reviving activity across investment banking and capital markets after years of weakness. The recovery is significant beyond individual listings: a stronger IPO pipeline could help restore Hong Kong's position as a major international fundraising centre connecting Chinese companies with global investors.

EXPRESSION GAZETTE

Saah

Sunesh Pandita || 24BC078

Shri Ram College of Commerce

The heart is full of pain, yet the eyes are dry,
Neither I am able to show my pain not can cry.
Breath by breath people dress the world,
Sadly I won't be part of that world.

Life looks sweet from outside,
Somewhere inside it is storms and tide
Breath meets breath, yet never blends,
I wonder what I have done with life's end.

We are bubble of water, why be proud of flesh and fame?
Why take pride in wealth or seek glory in name?
We take nothing, but will leave a burden on our chest,
If we dust off our hands, everything will be at best

The breath becomes slave of destiny
Yet the breath will cease out one day.
Then the world will run in the race,
Even that race will end one day.

Everything will stop one day..
